## VS221-A60B-P022

# HD 8MP INTELLIGENT STARLIGHT WDR IR IP MINIDOME CAMERA

#### **FEATURES**

- 1/1.8" progressive scan CMOS
- Sensitivity: 0.0001 lux
- Support multi-frame integrated WDR, with a range up to 135dB
- IR-Cut Removable (ICR) Filter for true Day/Night
- Applied with Smart-IR technology to adjust the light power according to ambient lighting conditions
- IR illumination distance up to 50m
- Built in with motorized vari-focal lens; support ABF
- H.265/H.264/M-JPEG/SVC encoding formats, available with four video streams
- With embedded design and integrated NPU module; support face detection, tracking and capturing based on deep learning algorithm
- High-resolution image signal output: 3840×2160@25fps
- Support vivid smart functions such as video anomaly detection, behaviour-analysis detection, sound detection, intelligent grouping detection
- Support multi-target detection, tracking and snapshot; support optimum selection and duplicate removal for captured images; small face images and panoramic images output
- Able to detect face, pedestrian, motor and non-motor
- The face detection function can be effectively cover various entrances and exits, which reduces the deployment cost

- Support face image optimum selection and duplicate removal; images can be selected by face angles and image resolutions, thus to reduce invalid face uploading, which may occupy the server resources; small face images and panoramic images are optional to be uploaded to platforms for secondary analysis and retrieval
- Able to detect human face when tilting up or down ±45°, turning right or left ±45°, or leaning right or left 45°
- Able to detect face images with a minimum of 30\*30 pixels at 1080P
- Able to detect 32 face images simultaneously in a single scene
- Support intelligent face exposure, automatic face position detection and dynamic area adjustment for face exposure to obtain clearer face images
- Onvif Profile S/G & T and RTSP compliant
- Support corridor mode
- 2 alarm inputs, 1 on-off output
- Micro SD card
- Powered by PoE/12VDC/24VAC
- Outdoor IP67 environmental rating and IK10 vandalproof level
- UL, IK10
- 3-axis adjustable

### **DESCRIPTION**

Infinova VS221-A60B-P022 Series HD 8MP Intelligent Starlight WDR IP Minidome Camera applies 1/1.8-inch CMOS sensor with built-in 2.7~13.5mm HD motorized vari-focal lens and dot-matrix IR LED, supporting an IR illumination distance up to 50m. The power can be adjusted according to ambient lighting conditions with results of power assumption reduced and service life extended.

With H.265/H.264/M-JPEG/SVC video compression formats and 4-stream output, the camera can output high-quality images with resolution up to 3840×2160@25fps, which can not only provide marvelous definition, color restoration and accurate details, but also effectively ensure the intelligent analysis accuracy.

The camera is endowed with vivid smart functions and supports people and vehicle coexistence detection and face detection etc. The face detection function can be enabled as alarm event to trigger panoramic image capture and small image capture, which can be uploaded to Infinova smart platform at the same time for secondary smart recognition and analysis. The product is applicable for Safe City checkpoint video surveillance requirement.

The camera can be widely used in ordinary buildings, supermarkets, hotels, shops, parks, schools, factories, warehouses, underground parking and other occasions with low light condition but requiring high-quality images.
