

Case Study

53 Airports in India

53 Airports Across India chose Infinova Cameras

Infinova was the most preferred CCTV OEM by Airport Authorities of India to combat terrorism and increase security measures at Airports across India.

Over 3,500 Infinova video surveillance cameras, including high-speed PTZ domes, minidomes and fixed cameras, most of them with vandal-resistant day/night functionality are deployed across 53 Airports in India. Since these cameras are ONVIF, they are able to communicate to a Third Party VMS. Some of the airport locations are also deployed with Infinova's DVRs and switchers.

With the recent deployment in 2012, Infinova cameras were selected for Chennai and Kolkata airports. Over 1,170 cameras have been deployed in these Airports to ensure Public Safety and Security. All the cameras are being displayed on a Third Party Video Management Software.

Apart from the above two Airports, Infinova cameras are successfully deployed at more than 51 Airports across India. Over 2,400 cameras are deployed at several airports across the country. The names of some of the Airports are as mentioned under-

Infinova

Infinova is a leading Global Security Products Manufacturer, headquartered in Monmouth Junction, New Jersey, USA. Committed to technology, quality and reliability, Infinova delivers end-to-end Digital as well as Analog Surveillance Solutions. We specialize in offering Integrated Video Surveillance Solutions with a constant endeavor to deliver cutting-edge technology. Our Integrated Solution Portfolio comprises of IP & Analog cameras, Specialized Cameras, Video Management Software, Encoders/Decoders, NVR's and DVR's, Video Analytics, Traffic Management Solutions, Financial and Retail Surveillance Solutions, Fiber Optics Transmitter/ Receiver, Industry Specialized Application Software and Custom Integrations. Infinova offers products which are delivered across diverse industries worldwide.

Infinova works diligently to assure its channel partners can provide cost-conscious solutions. With Infinova's hybrid systems, channel partners can propose systems that protect a customer's investment in its already-installed analog surveillance system but that also put them on a dynamic migration pathway to IP systems.

Infinova is lauded for its exceptional maintenance programs. A major highlight is the company's 24-hour advanced replacement policy in which a substitute product is shipped immediately upon notice of a problem.

With such customer focus, Infinova is often referred to as "the integrators' manufacturer."
