

## **Infinova Announces New India Office in Pune**

MONMOUTH JUNCTION, NJ - August 9, 2010 - Infinova India today announced that it has opened its new India headquarters office in Pune to better serve its growing number of customers in India, which include pharmaceutical companies, 22 Indian airports, the Indian highway department and many others. Infinova India also announced the hire of Biplob Bhattacharjee to serve Infinova distributors, integrators, dealers and customers in Northeastern India.

"The opening of this office is another example of Infinova's accelerated global growth as a leading worldwide supplier of megapixel, IP and analog surveillance cameras," explains Milind Borkar, Infinova vice president, India, Middle East and Africa. "Our new Pune office will cover all regions of the Indian subcontinent. Pune is the newest of nine Infinova international offices, from Hong Kong to Latin America to Europe and North America that are dedicated to helping Infinova integrators better serve their customers."

According to Borkar, Biplob Bhattacharjee is typical of the dedicated, experienced Infinova managers that are working worldwide with Infinova's customers. Bhattacharjee has been highly successful in the video surveillance industry, having had a proven sales record with Wipro, Allied and Honeywell, all of whom are large system integrators in India.

The new Pune office is located at 4, Surya Suman, Plot no.49, Hindustan Estates, Road No. 2, Kalyani Nagar, Pune 411 006. Phone number is 982-017-9808.

### **About Infinova**

Infinova makes it possible for IP and analog surveillance cameras and equipment to co-exist and be managed as a single seamless system solution, helping integrators generate more business by being able to say "yes" to a broader scope of projects. Infinova provides megapixel, IP and analog surveillance cameras, including specialized cameras, control room equipment, fiber optic communications and customized systems. The Infinova solution enables end-users to extend the life of their existing analog equipment by having it co-exist with their new IP video equipment. Infinova partners with brand-leader manufacturers to create best-in-class solutions and certifies the functionality of their partners' solutions when integrated with Infinova products. Infinova is acknowledged in the industry for its exceptional customer service programs and is often called "the integrator's manufacturer."
