

Infinova and Airaya Announce Product Integration

Infinova's high performance IP video cameras and systems now integrate with AIRAYA's versatile outdoor wireless networking systems.

The Infinova IP cameras support MPEG-4 for efficient recording and viewing. Available as V6600 IP minidomes and the V1700N IP PTZ dome cameras, they are ideal for any network surveillance installation, indoors or out. Vandal resistant metal construction, IP66, and with an integrated heater/blower, these IP cameras set a new standard for rugged security-grade operation. The most demanding requirements are easily met with high performance MPEG-4 technology that provides video at 4 CIF and 30/25 fps. These cameras are managed by our V2215 NVR surveillance suite and are also compatible with other leading surveillance applications.

The AIRAYA line of outdoor world-class provides proven, fast and affordable outdoor wireless multipoint and backhaul (point-to-point) equipment for high capacity service provider, public safety and enterprise networks. With over 8500 systems installed in more than 70 countries worldwide, our world-class customer service provides customers with the confidence to deploy systems at speeds up to 108 Mbps and distances to 40 miles.

Infinova is a manufacturer of complete security/surveillance solutions that deliver the highest value to customers while providing the cutting edge technology necessary to meet today's stringent security needs. Included in Infinova's products are dome PTZ cameras, networkable matrix switchers, fiber optic transmission systems for video, audio, data and integration management software. Infinova provides consultants, integrators, electrical contractors and installers with engineering design assistance and customized systems.

Founded in 2001, AIRAYA develops and markets proven high-performance 4.9GHz to 5.8GHz and 2.2GHz to 2.5 GHz wireless multipoint and backhaul solutions for the public safety, enterprise, and broadband wireless access markets. In addition, AIRAYA develops and markets point to point T1 and E1 radio links and multipoint wireless video camera systems for outdoor installations. The company is located in Morgan Hill, California, USA and is privately held. With more than 8000 installations in more than 70 countries worldwide, AIRAYA products are available through a network of North American and International distributors and resellers.
